**Skip a Pay is not available for any type of home loans, Instant loans, credit cards, or lines of credit.*

**If paying your skip-a-pay fee with a transfer, be sure funds are available or your deferral will not be granted.*

**Loans must be current and have received at least one full monthly payment.*

**If you have a GAP policy on your auto loan, deferring a payment may effect the amount your GAP policy will pay if a claim is ever made. Contact our loan department for more information.*

**If your payment normally originates from another financial institution, contact them to cancel payment for the month you are choosing to skip.*
